Sir,

I beg I may be permitted to request the favour of your kindly sanctioning the early payment to me of the sum of - Rs 1,500/- out of the grant to the "Artha Sadhaka Patrika" for the current year as per Government Order No. I.C. - - 2210-69--E.C.5-22-12, dated 12th October 1922.

I much regret to have to say that owing to a series of illnesses in my family, bereavement, my own ill-health and other serious troubles during the past three months, I have not been able to bring out the issues of the " Patrike " since February last. I have however taken the work in - hand now; and the February issue is almost all in type. I hope to be able to bring the journal up to date before the end of the next month. Meantime, it will be a great assistance if the favour above requested be sanctioned

To

Mr. D.V. Gundappa,

Editor, Arthasadhakapatrika.

Dear Sir,

I am desired to invite reference to the D.O. dated 1st October 1923 from the 2nd Member of Council addressed to you in which some suggestions were made to you with regard to the preparation of the Arthasadhaka-patrika and to state that Government regret to observe that the advice conveyed therein has not been heeded and that apart from the matter of the journal, there has been no improvement whatever even in the regular issue of publications, the latest issue of the journal received being the issue for December 1923 and that in the circumstances, Govt. have to seriously consider the question of withdrawing the subvention sanctioned to you in G.O. dated 12th October 1923.

I am however to state that before passing final orders, Govt. would like to have your explanation as to why the ~~contract~~ agreement made with you should not be cancelled in view of the fact that there has been no issue of the journal since December last and there has been a distinct violation of the contract ~~and~~ I am to request that ~~it~~ your explanation may be sent within a fortnight.

Yours sincerely,

The " Artha Sadhaka Patrika " Office,

Basavangudi Post, Bangalore city.

Dated 19th July 1924.

To

The Secretary to the Government

of H.H.The Maharaja of Mysore,

Legislative Department,

Bangalore.

Sir,

I am in receipt of your D.O.communication bearing No.P 232 and dated the 16th instant, concerning the " Artha Sadhaka - Patrika." It lays two charges against me:-

(1) That I have not " heeded " some suggestions made to me by the Second Member of Council " with regard to the preparation " of the Patrika; and

(2) That I have not been issuing the journal regularly.

In regard to the first point, I should like to say that the Second Member's suggestions were made to me in October and that in the issues published subsequestly the suggestions have been carried out as far as possible. I can honestly say that in the selection of subjects for articles, I have from the very beginning considered their educative value as of the highest importance, and I do not feel that I have in any way departed from the sprit or even the letter, either of my own application to Government for the privilege of editing the Patrika or that of the C.O. transferring its management to me. And I may add that I am - supported in my view by the testimonies that I have received from several of my readers, among whom are not a few scholars and - public men of note, as well as from the press.

In regard to second point, I have explained the circumstances of the delay in my letter to the Dewan dated the 18th June and in my letter of the same date to the Secretary to Government, as also to the Second Member of Council in the course of an interview some time later. I have nothing to add to those explanations; and I would only takeleave to express my surprise here that, after them, a letter worded like the one under reply should

28

should have been sent to me.

I am thus unable to bring myself to agree that " There has been a distinct violation of the contract " on my part. However, the favour that now remains for me to beg of Government is that they may be pleased to treat the unexpired part of the contract (that is, for the period beginning with the current year) as cancelled. If Government's view had been indicated to me earlier, some labour and expense could have been saved; for, as stated in my letter of the 18th June referred to above, I have in the meantime, in anticipation of the early sanction of the request made therein, had the issues for January and February last, printed. I shall consider it a great obligation if you would kindly arrange immediately to receive back from me the articles of furniture etc., lent to me as belonging to the " Patrika " office.

May I, in conclusion, beg you to be so good as to convey my respectful thanks to Government for all their kindness to me in this connection?

I have the honour to be,

Sir,

Your most obedient servant,

D.V. Gundappa

Extract from letter dated 25th July 1924, from G.R.Josyer, M.A., F.R.C.S., Bangalore, to the Dewan.

.....

....Last evening, I learnt that the Arthasadaka Patrike might be stopped, the editor having given it up. It would be a great loss to the country to stop it. You must be feeling now, I am sure, that if economic propaganda in the vernacular was needed at any moment, it is needed at the present juncture of the country's progress. It is a crucial time and much propaganda in the field is essential. So, unless you can find a better person, I shall undertake the conduct of that journal, on predominently economic lines, the rest of the terms being the same as those last offered. If you kindly approve, and desire the Secretary concerned to communicate with me, I am both able and willing to continue the issue without break from 1st August.

K. R. Srinivasiengar Esq., M.A.,
Second Member of Council,
Bangalore.

Dear Sir,

Permit me to refer to my interview with you two days ago, regarding the "Arthasathaka Patrike". You were pleased to observe then that the following three points would have to be settled in arriving at a settlement of that matter: (1) whether it was necessary to continue it in its present quality, (2) whether Government would be right in interesting themselves in its revival, and (3) what form Government's support to it should take.

I submit a few brief points for consideration under the three heads.

The general unsatisfactory position of the State's economic condition is too patent to need being dwelt upon afresh. It is true that the Economic Journal is not going to shed blessings on the country and introduce the golden age. There are at present many institutions each one of which is meant to help in the restoration of the country, the Economic Conference, the Representative Assembly, the Chamber of Commerce, the banking institutions and the Industries Department. But while the constituents of each one of them assumes the airs of Jupiter, the condition of the country is drifting. In other countries there would be a lot of concerted action at such a juncture, and a vivid realisation of each one's responsibility. Here

(2)

one sees only stagnation, and the desire to let things take their course. At such a juncture a capable economic journal could be used with dynamic energy. It could investigate many matters, rouse many dormant institutions into action, produce a widespread desire to comprehend the real state of affairs, and call forth the action necessary to provide the needful remedy. It may be that the "Arthasathaka Patrike", like a Lancet in a layman's hand, has not produced the various effects indicated above. But in proper hands there is no reason why it should not produce many beneficent results.

Then, as to Government's interesting themselves in it: This point has long been settled in the affirmative, as otherwise there would not have been an Economic Journal in the country at all. Nowadays Governments are coming to be recognised more and more as a central organisation of the people. Any matter of public utility falls within the direct province of Governments. If Governments can build railways, run factories, conduct mills, and open mines, there is no reason why they should not publish a journal which would have the same object as any of these, and would also help all these and the people at large in many ways. European nations for centuries have waged wars for economic benefits. And economic development forms the very existence of the Governments of Germany and Japan. If the people of -- Mysore were as prosperous as those of the United States of America, then the policy of laissez faire would be the best that Government - could pursue. But laissez faire in Mysore, would be laissez faire in an infant school!

The question then resolves itself to - not whether the Journal

(38

should exist, or whether Government should have a part in it - but how to put life into it and make it serve the purpose for which it was meant. That would be solved by confining the scope of the Journal ~~purely~~ only to economic, by making it as cheap as possible, and by imparting some direct commercial and economic knowledge into the editorship.

Then, regarding the form of Government's support: The mere postage for the Journal would come up to Rs.30 or Rs.40; clerical and other office items would amount to Rs.50 or Rs.60. The minimum -- printing cost would come to at least Rs.150 a month. So the minimum non-editorial cost would approximate to Rs.250 a month. The editorial work involves some intelligence, and some originality and labor, and might naturally deserve Rs.250 at least. ~~So~~ out of this total of Rs.500, if Government, as up till now, would kindly bear half, - Rs.250 or Rs.300 - I am willing to contribute the other half by way of editorship.

Revised in the light of the above remarks, the conditions for the reorganisation of the Journal would be:-

(1) that it be conducted purely as an economic journal, and avoid literature and politics,

(2) that it be issued as a monthly,

(3) that its subscription be not more than Rs.3 a year,

(4) that it avoid all spiteful criticism of institutions or persons,

(5) that 250/300 copies be supplied to Government every - month, and

(6) that Government be pleased to contribute Rs.250/300 a

(39

a month towards its upkeep.

These conditions will secure all the safeguards necessary to make it a high class journal, popular as well as regular. If Government would like to add any others, I should be glad to incorporate them. It remains only to suggest that, since the journal, during its late desuetude has lost all its subscribers and good will, some preliminary spade work has to be done to revive them, and that Government grant Rs.500 at least towards that, and transfer the existing editorial equipment from the last editor. I hope these facts will meet with your approval, and if they do, since there has already been a long delay, Government may kindly be moved to pass quick orders so that the Journal may be issued before September. Permit me to remain,

Yours sincerely,

G. R. Josyer

Dear Sir,

I venture to hope that you have by now found it possible to consider my letter in connection with the ಕರ್ನಾಟಕ ಪತ್ರಿಕೆ. There must, in your own judgment, be certain lines of improvement which should render that journal useful to the state. I don't think there will be any difficulty in making my views accord with yours, so long as the ultimate object is the same.

I should hardly permit myself to be so solicitous in a case in

which I should derive some personal benefit at the cost of Government, or in which you would be called out of your way to render me a favour. But this is a public matter in which I feel I could do something to serve the interests of the country at large; and if you are pleased to accept my offer, it will be a courtesy which I shall esteem very highly.

This work be no attempt to commercialise our spiritual civilization: but we might "spiritualise" our commercial activities! they want spiritualising as badly as

C.S.

SIR,

In view of the fact that the Government have terminated the contract for the publication of the Kannada "Arthasadhaka Patrike" with the gentleman who until recently held it from Government, I have the honour to state that I shall be glad to take over this Journal and arrange for its regular publication as a weekly Journal on the following conditions provided the Government are agreeable to them:-

(1) Government to make over the Journal to me absolutely and without any conditions as to ownership on their part as and from the date of its transfer. From the date of its transfer, the Journal will, in every respect, be legally and for every purpose my own.

(2) Government to subscribe for 500 copies of the Journal at Rs.6/-per annum for a period of at least five years from the date of transfer.

(3) Government to send advertisements to the Journal as far as may be possible.

(4) Government to transfer to me free of all charge necessary office requisites for the new "Arthasadhaka Patrike" office, including one typewriter, three writing tables, two Bereaus, two almirahs, two racks, two benches, three stools, necessary reference books etc., so that the initial cost of re-opening the office may, as far as practicable, be reduced to me, and the re-commencement of work rendered possible with the least possible delay. The office requisites are based on the requirements for a weekly office of 2 assistants, 2 Clerks, one examiner, with facilities for storing paper etc.

(5) The Journal will give prominence, as in the olden days when it was a weekly, to topics of local economic interest, special attention being paid to Agricultural, Educational, and Industrial development work in the State. It will also give attention to any special matter sent in for publication by Government Departments for the information of the public.

2. In view of the fact that some Kannada periodical run on proper lines and appearing at regular intervals of time has been for long considered necessary for disseminating useful information among the people of the State, Government, perhaps, will view with favour this proposal on my part to resuseitate the old weekly "Arthasadhaka Patrike." This Journal was originally started by me and run by me for nearly six years. It reached at one time a circulation of about 8,700 copies per week, the postal authorities requiring me to provide for a special post office in my building for facilitating its regular despatch. When this matter was under consideration, the Journal was transferred to other hands and its more recent history is already well known to Government. I may add that I possess certain obvious facilities for conducting a Journal of this kind and should be glad to do my best for it for making it a complete success. As proper steps have to be taken for its regular printing and issue, and a staff organized for its editorial work and office management, I request that Government may be pleased to consider the matter favourably and pass the necessary orders in regard to it at as early a date as may be practicable.

3. I may add that my other work will not be allowed to interfere with the proposed weekly Journal. A separate staff will be maintained for it and its work will be attended

(5)

to with alacrity and zeal by that staff, subject to my persoanl supervision.

4. If any further information is required in this behalf, I shall be glad to furnish the same on hearing from you.

In view of the fact that the Government have terminated the contract for the publication of the Kannada "Arthasadhaka Patrike" with the gentleman who until recently held it from Government, I have the honour to state that I shall be glad to take over this Journal and arrange for its regular publication as a weekly Journal on the following conditions provided the Government are agreeable to them:-

(1) Government to make over the Journal to me absolutely and without any conditions as to ownership on their part as and from the date of its transfer. From the date of its transfer, the Journal will, in every respect, be legally and for every purpose my own.

(2) Government to subscribe for 500 copies of the Journal at Rs.6/-per annum for a period of at least five years from the date of transfer.

(3) Government to send advertisements to the Journal as far as may be possible.

(4) Government to transfer to me free of all charge necessary office requisites for the new "Arthasadhaka Patrike" office, including one typewriter, three writing tables, two Bureaus, two almirahs, two racks, two benches, three stools, necessary reference books etc., so that the initial cost of re-opening the office may, as far as practicable, be reduced to me, and the re-commencement of work rendered possible with the least possible delay. The office requisites are based on the requirements for a weekly office of 2 assistants, 2 Clerks, one examiner, with facilities for storing paper etc.

(5) The Journal will give prominence, as in the olden days when it was a weekly, to topics of local economic interest, special attention being paid to Agricultural, Educational, and Industrial development work in the State. It will also give attention to any special matter sent in for publication by Government Departments for the information of the public.

2. In view of the fact that some Kannada periodical run on proper lines and appearing at regular intervals of time has been for long considered necessary for disseminating useful information among the people of the State, Government, perhaps, will view with favour this proposal on my part to resuscitate the old weekly "Arthasadhaka Patrike." This Journal was originally started by me and run by me for nearly six years. It reached at one time a circulation of about 8,700 copies per week, the postal authorities requiring me to provide for a special post office in my building for facilitating its regular despatch. When this matter was under consideration, the Journal was transferred to other hands and its more recent history is already well known to Government. I may add that I possess certain obvious facilities for conducting a Journal of this kind and should be glad to do my best for it for making it a complete success. As proper steps have to be taken for its regular printing and issue, and a staff organized for its editorial work and office management, I request that Government may be pleased to consider the matter favourably and pass the necessary orders in regard to it at as early a date as may be practicable.

3. I may add that my other work will not be allowed to interfere with the proposed weekly Journal. A separate staff will be maintained for it and its work will be attended

to with alacrity and zeal by that staff, subject to my persoanl supervision.

4. If any further information is required in this behalf, I shall be glad to furnish the same on hearing from you.

I have the honour to be,

Sir,

Your most obedient servant,

C. Rangavadanulu

Editor.

that suitable encouragement should be given by Govt. to induce private enterprise in taking up the publication of such a journal. At the same time they consider that the "Patrike" having been issued for more than eight years as a weekly or monthly it is no longer necessary to conduct the paper either as a Government journal or directly under Government supervision. The English edition of the journal has been made over to Mr. C. Hayavadana Rao (who had edited it ever since it was started under the auspices of the Mysore Economic Conference) on the understanding that Government subscribe for 250 copies of the journal. Government are of opinion that it will be sufficient at the present stage to extend a similar concession to any one who might be willing to conduct the Kannada edition. They have therefore decided to hand over all rights in the journal and the responsibility therefor to private enterprise subject to the condition that the journal should be conducted mainly with a view to spread knowledge on economic matters Government will be glad to consider applications from persons competent and willing to undertake the publication of the Journal on these terms. Communications in this behalf may be addressed to the Chief Secretary to Government so as to reach him before the 15th November next.

ORDER No. G. 3156—G. M. 31-24-8, DATED 1ST NOVEMBER 1924.

The "Arthasadhaka Patrike" was started in the year 1915, as a Vernacular companion to the English monthly, the Mysore Economic Journal, mainly with the object of bringing sound ideas on economic subjects within the reach of the masses and stimulating and developing economic activities in the State. It was at first issued monthly, but was converted into a weekly from the 1st January 1917. It was conducted under Government management for over three years and then transferred to Mr. M. Gopaliengar, a journalist of considerable experience. Mr. Gopaliengar having resigned his connection with the journal after conducting it for two years from September 1920, it was handed over on certain conditions to Mr. D. V. Gundappa, the editor of "Karnataka" and the "Indian Review of Reviews" for a period of three years with permission to convert it to a monthly and to include in it sections devoted to civics sociology, literature, etc., so as to extend its scope and usefulness. This agreement with Mr. Gundappa has however been terminated with effect from March 1924, at his request.

2. In view of the great need for an Economic Journal in Kannada for spreading information and knowledge on economic matters among the people and of the fact that journals of this class are not sure of and cannot entirely, depend upon popular support, Government consider that it is necessary that suitable encouragement should be offered by Government to induce private enterprise to take up the publication of such a journal. The English edition of the Economic Journal has been made over to Mr. C. Hayavadana Rao on the understanding that Government should subscribe for a certain number of copies of the journal. Government are of opinion that a similar concession may be shown to any one who might be willing to come forward to conduct an Economic Journal in Kannada. Government will accordingly be glad to consider applications from persons competent and willing to undertake the publication of the journal on the above mentioned terms. Communications in this behalf may be addressed to the Chief Secretary to Government so as to reach him before the 30th November 1924.
